GLOBAL OPPORTUNITIES FOR SHEFFIELD STUDENTS

One of the benefits of joining the University of Sheffield is the chance to spend time abroad, either as part of your degree or in your summer vacation.

Experiencing life in another country is an amazing opportunity, plus it's a great chance to explore other cultures, travel, develop essential transferable skills and gain experiences which will help you in your future career.

Left: Yussefa Sanyang – South Korea
Right: Rebecca Steele – Spain

Left: Elena Puente Gomez – France
Right: Dimitris Boufidis – Singapore

So, where could your degree take you?

A year or semester abroad

Spend time at one of our partner institutions in Europe, Canada, Asia, Australia, New Zealand or the USA.

Summer schools

If you don't want to be away for that long but you still want to travel and experience new cultures, you might be interested in an international summer school at one of our partner universities.

Volunteering and work placements overseas

Many students arrange their own volunteering or short-term work opportunities during vacation periods, and some year-long work placements are available for students (mainly those on language degrees).

Check out [@UoSGlobalOpps](#) on Instagram to hear from our students about their experiences of spending time abroad.

It's good to know...

You don't need to be able to speak a foreign language but there are opportunities to learn a language here in Sheffield before you go.

There are a number of scholarship schemes and travel bursaries available, plus students who spend a semester or year abroad are eligible for reduced tuition fees for that period.

You'll have access to support from Sheffield and your exchange university while you are away.

There are exclusions or restrictions on some courses, and academic requirements apply for partner universities. If you want more guidance at this stage, get in touch.
