Tuesday 18 November 2019

Dear Chaplaincy Staff Colleague,

Invitation Brochure

Please find, attached, an invitation brochure to the Global Chaplaincy Conference for Higher Education, the IACHE 2020, *Liberty, Legacy, Leadership*, that takes place from 15–19 June 2020. This is the sixth such conference, which only happens every four years: it has only been in Europe once before, in 2008 in Tampere, Finland.

Sheffield is a very convenient, beautiful, safe and economical destination for the conference and the programme itself provides an outstanding opportunity for higher-education chaplains to develop and re-energise their practice and professionalize their delivery. Hosted in a safe and inclusive environment, the 2020 conference will foster collaboration, best-practice sharing and high-quality networking among colleagues from across the globe.

This conference is being hosted at the University of Sheffield by the CEUC (Conference of European University Chaplains) and is organized by IACHE (the International Association of Chaplains in Higher Education).

Thanks

Jeremy Clines
