Dear Sir or Madam,

The above named student is receiving financial sponsorship from the National Government of Studentland and we would be grateful if you could assist in granting her leave to remain in the United Kingdom.

The Studentland Ministry of Higher Education is fully responsible for and will continue to pay her tuition fees in full for the duration of her study in the United Kingdom.

Our organisation will also provide a monthly stipend of £770 per month to cover her living expenses.

Amount of money the sponsor is giving OR a statement that will cover all fees and living costs

This sponsorship will end on 01/11/2029.

Length of the sponsorship

If a sponsor is paying less than the required level of funds (£1171 per month for students and £680 per month for each dependant, you must show sufficient funds in addtonal bank statements to cover the shortfall for you and all dependants up to a maximum of 9 months.

In this example, the student has a monthly shortfall of £401 and 4 years remaining on the course, so would need to show a minimum of £3609 for 28 days in additional bank statements (£401 x 9months).

We would appreciate any assistance you can provide the above named student. Please do not hesitate to contact me if you require any further information.

Yours Faithfully,

Mr. F. Sponsor
