

The University of Sheffield Library

Western Bank Library Exhibition Gallery

Aims of the Exhibition and Display Programme

- To use the University collections to encourage learning, discovery, and understanding through exhibitions and associated activities.
- To provide welcoming and accessible collection-focused exhibition spaces which attract diverse audiences, and encourage repeat visits to the University Library, and also promote the Open Library.
- To raise the profile of the University by creating high quality exhibitions which promote the cultural offer of the University to the city region and wider community.
- To seek opportunities to maximise access to, and discovery of, all our collections through exhibitions, digital curation and associated activities.
- To encourage the development of partnerships through inter-departmental working within the University and with external organisations and individuals.
- To produce innovative, stimulating and engaging exhibitions which promote and raise awareness of the collections and the University.
- To develop and encourage opportunities to participate with student-led, and local community groups in producing exhibitions and related activities.
