Guide to completing the online Student visa application form to extend your student visa in the UK – Using the UKVI ID: Check App

Disclaimer: *This document was last updated in March 2025. It is important to note that the application format and how questions are phrased can be altered or changed by the UKVI at any time. This document should be used as a guide for understanding the application process, and it addresses many questions, which are frequently asked by our students applying for their student visa. Please be aware that the order of questions on the application form can change or new questions may be added by the UKVI in the future. If you notice anything significantly different on the application form, which is not in this guide then please [inform us](#).*

One of the things you will need to do when using the app is scanning the chip in your passport or BRP. The image below explains how you check to see if your passport contains a chip (all BRPs should contain a chip even if they do not have the symbol on them).

If your passport does not contain a chip, or if there is a fault with the chip in your passport or your BRP and the app cannot scan it, you will need to submit your Student visa application without using the app (please see 'Step 2 – Create Your UKVI Account'). Travel History

Time in the UK

- **How long have you lived in the UK?**

Please enter the number of years and months you have been in the UK in total.

You should enter the amount of time for which you have had valid and continuous visa/leave to remain in the UK. You do not need to exclude any short visits or travels outside the UK.

- **Since you started living in the UK have you spent time outside the UK?**

This question is partly to assess if you have spent more than 3 months outside the UK in the last 12 months before the date you submit the application. If you have spent more than a total of 3 months outside the UK during this period, it is likely that UKVI will assess that you do not automatically meet the financial requirements and will want to see financial documents that meet the requirements.

You should declare all travel you have made outside the UK, including to your home country since you started living in the UK. We understand that students often travel back to their home country multiple times during vacation period. Over a few years this can amount to a large number of trips. If it is difficult to remember all the details, please declare the trips you can remember and add a note to say that there were several visits over the last few years to the same destination (home country).

If you cannot remember the exact dates of travel, where it asks you for the reason for the travel outside the UK, as well as giving the reason for the travel you can state that you do not have a record of the exact dates of travel and that the dates you have given are a best estimate.

- **Travel to Australia, Canada, New Zealand USA, the EU/EEA & Switzerland in the last 10 years**

Same as the question above, you should declare all trips you have made to these countries/areas in the last 10 years before the date you are submitting the application and you can also state where you do not have an exact record of the dates you travelled in the reason for visit section.

- **Travel to any other countries in the last 10 years**

Here you should declare any other travel you have done that does not apply under the two previous questions, and again you can also state where you do not have an exact record of the dates you travelled in the reason for visit section.

Medical treatment in the UK

- **Did you receive medical treatment in the UK?**

For example, if you visited a doctor, clinic or hospital, this counts as having medical treatment

- **Were you told that you had to pay the hospital, clinic or doctor's surgery for your medical treatment?**

This does not include the Immigration Health Surcharge

Please provide information about any medical treatment you have received in the UK and answer the questions that follow.

Provide as much detail as possible. It is understandable that you may not remember every treatment that you may have had or details of every visit to the GP.

Immigration Permission

- **Do you have a visa, leave to enter or remain, or other permission to be in the UK?**

Select **YES**, if you have Student immigration permission, Tier 4 immigration permission, or another type of valid immigration permission which allows you to [apply in the UK](#).

Most students will have **Tier 4 (General)** or **Student permission**.

You will be able enter the category of visa that you have for the UK.

Write the start and end date from your e-visa, or vignette (sticker) in your passport if you do not have a e-visa because your permission is shorter than 6 months.

Please see here on how to find the dates from your e-visa: <https://www.gov.uk/view-prove-immigration-status>

- **Other applications in progress**

If you have submitted any other applications for leave to remain to the Home Office, which are currently pending or not decided yet, then please [contact ISSAC](#), otherwise select **NO**.

Criminality

For either the UK or any other country, have you ever been:

- **Refused a visa**
- **Refused entry at the border**
- **Refused permission to stay or remain**
- **Refused asylum**
- **Deported**
- **Removed**
- **Required to leave**
- **Excluded or banned from entry**

Please answer this section accurately and provide details as required. If you have not been subject to any of the actions listed above, select **NO**. If you select **YES**, you'll need to provide further information. **Please note that it is important to declare any previous visa refusals.** Failure to do this could lead to an unsuccessful visa application as well as a potential 10-year entry clearance ban.

Have you ever:

- **entered the UK illegally**

- **remained in the UK beyond the validity of your visa or permission to stay**
- **breached the conditions of your leave, for example, worked without permission or received public funds when you did not have permission**
- **given false information when applying for a visa, leave to enter, or leave to remain**
- **breached UK immigration law in any other way**

Please answer this section accurately and provide details as required. If you have not been subject to any of the actions listed above, then select **NO**. Please [contact us](#) if you need to answer **YES** to this question.

At any time have you ever had any of the following, in the UK or in another country?

- **Criminal convictions**
- **Driving offences**
- **Outstanding criminal proceedings**
- **Cautions or fixed penalty notices**
- **Court judgments**
- **A civil penalty for breaking UK immigration law**

Please read this question carefully and answer accurately. **If you are unsure whether your issue is defined as a 'conviction' or 'penalty' it is safer to declare it here, making it clear to UKVI that you are not trying to hide anything.**

Person of good character

- Have you, as a part of your employment or otherwise, undertaken paid or unpaid activity on behalf of a non-UK government which you know to be dangerous to the interests or national security of the UK or its allies?
- Have you ever engaged in any other activities which might indicate that you may not be considered to be a person of good character?
- Is there any other information about your character or behaviour which you would like to make us aware of?

Postgraduate Doctor or Dentist

“Are you going to be a Postgraduate Doctor or Dentist on a recognised foundation programme?”

IMPORTANT – As you are applying for a visa to study at the University of Sheffield, it is very important that you **select ‘NO’ to this question**. It is a common mistake for, especially for PhD students to answer ‘YES, to this question. This category is only for those who are sponsored by Health Education England and not the University of Sheffield.

If you answer 'YES' to this question, UKVI will process your application as a Postgraduate Doctor or Dentist application, and not a standard Student visa application, which could lead to complications, and you will need to resubmit your application and pay a further application fee up front.

UCAS details

- **Did you apply for your course through UCAS?**

Only answer **YES** if you applied for your course through [UCAS](#). If you applied to the University of Sheffield directly, or through an agent, select **NO**.

If you applied through UCAS then your UCAS number will be stated on your CAS statement. *Please note that this question is not referring to your Confirmation of Acceptance for Studies (CAS).*

Academic Technology Approval Scheme (ATAS)

- **Do you need to obtain permission from the ATAS?**
- **What is your Academic Technology Approval Scheme (ATAS) reference number?**

This is the reference number on the ATAS clearance certificate issued to you by the Foreign and Commonwealth Office.

Primary site of study

- **Is this the site where the majority of your study will take place?**

**The University of Sheffield
Western Bank

Please check your CAS for the primary site of study and answer accordingly. In most cases your CAS will state the above address is where the majority of your study will take place, and you will select 'YES'. If the address is different from the one showing above (for instance, if you have a work placement), select NO and enter the address as stated on your CAS.

Course information

USE YOUR CAS STATEMENT

- **Name of sponsor institution (school/college/university)**
- **Course name**
- **Qualification you will get**

Please copy this information from your CAS. Course name / title and course level (RQF or NQF level) is listed on your CAS. *Please note that RQF and NQF level are the same thing. SCQF refers to the equivalent Scottish qualification which is not used at the University of Sheffield.*

As per the note above, if you are a PhD student, the level of your course stated on the CAS will be 'RQF8/SCQF12' and **not** 'Postgraduate Doctor or Dentist'.

- **Are you going to be a student union sabbatical officer?**

Please select “**No**” unless your CAS confirms that you are going to be a student union sabbatical officer.

It is very important that you answer ‘**No**’ to this question if your CAS does not confirm this, even if you intend to stand for election as a sabbatical officer in the future. If you answer ‘Yes’ when you do not have a CAS issued for a sabbatical officer application, UKVI will input your application with the wrong casetype and you may need to resubmit your application.

If your CAS states your course title is ‘Student Union Sabbatical Officer’ you must answer ‘**Yes**’ to this question.

The image shows two screenshots of a form. The left screenshot shows the form fields: 'Name of sponsor institution (school/college/university)' with 'The University of Sheffield', 'Course name' with 'MSc Aerospace Engineering', 'Qualification you will get' with a dropdown menu showing 'RQF7/SCQF11', and 'Are you going to be a student union sabbatical officer?' with radio buttons for 'Yes' and 'No' (the 'No' button is selected). A blue arrow points from the dropdown menu in the left screenshot to the right screenshot. The right screenshot shows a detailed view of the dropdown menu options: RQF1/SCQF4, RQF2/SCQF5, RQF3/SCQF6, RQF4/SCQF7, RQF5/SCQF8, RQF6/SCQF9/10, RQF7/SCQF11 (highlighted in blue), RQF8/SCQF12, CEFR A1, CEFR A2, CEFR B1, CEFR B2, CEFR C1, CEFR C2, Postgraduate Doctor or Dentist, and Aviation qualification.

Course dates

- **Course start date**
- **Course end date**

Please copy this information from your CAS.

Continuing students

There will be a sponsor note on your CAS confirming an actual course start date in the past. It will either show in the 'Evidence Used to Obtain Offer' or the 'Sponsor Notes' section of the CAS. You should **not** use this date, as this is likely to lead to you being asked to pay a higher level of Immigration Health Surcharge than required following changes UKVI have made to form in early 2025. You should enter the course start dates as they are in the course start and course end date fields on your CAS.

We often see errors where the UKVI have not granted a long enough "wrap- up" period after the course end date because the caseworker has believed the course to be shorter than 12 months, and only granted 7 days or 2 months after the course end date, instead of 4 months. So, it can be useful to make it clearer that the course duration is more than 12 months, if applicable. One way you can do this is to upload a copy of your CAS with the other supporting documents with the note about your original course start date highlighted or alternatively, use the 'Additional Information' section at the end of the application form to explain this.

Even if you do this, please ensure that you check the length of visa you are granted carefully to ensure it is correct:

<https://www.sheffield.ac.uk/new-students/immigration/student-visa-application/applying-outside/student-visa-duration>

Previous Financial Sponsorship

- **Have you received money from a financial sponsor for either this year or the past year (the form will then state the 12 month period they are referring to – for example if you are submitting your application in August 2022 it will say 'from August 2021 to August 2022')**

If you have an official financial sponsor (either a government or international scholarship agency) for your current course or have received money from such an organisation in the last 12 months, and you have completed the course that you received the sponsorship for, you will need to provide their consent for you to make your visa application to stay in the UK.

If you are continuing on the same course that you have received the sponsorship for or if you have received a scholarship from the University of Sheffield or another sponsor that is an 'official financial sponsor' but not a government or international scholarship agency, please [contact ISSAC](#) for advice on what documents you can upload as an alternative to this.

Financial Sponsorship For Continuing Studies

If you will be receiving money from an official financial sponsor for continuing your studies, then select **YES**.

If you are extending your permission for a new course, which is fully or partly covered by the University scholarship then select **YES**.

In the follow up question, select the appropriate option out of the following, as applicable.

- ***My Student sponsor has confirmed this information on my CAS***

- **Letter of official financial sponsorship**
- **I am not being wholly sponsored** (you should select this if your sponsorship is for less than full course fees and/or less than £1023 per month for living costs)

Course Fees

- **What are your course fees for your first year?**

You can find this information on your CAS.

Please note that 'first year' only applies to students starting a new course. Continuing students should enter the fee for the current/next academic year as stated on the CAS.

Please be aware that if you have a scholarship or discount, you may have a reduced tuition fee. This will be confirmed on your CAS.

- **Have you or your parent(s) or legal guardian(s) already paid any of your course fees?**

Please select **NO** if your course does not have a fee, or if it does have a fee, but your CAS states you have not paid any of it.

Select **YES** if your CAS is showing any amount of tuition fee here as having been paid. You will then need to answer the following supplementary questions:

- **How much has been paid?**

This is listed in the 'Course fees paid' field in your CAS statement. If you have paid tuition fees since your CAS was issued, contact Income Office at studentcustomers@sheffield.ac.uk for an update **or** to request them to update your CAS.

- **How can you prove this amount has been paid?**

You should select 'My sponsor has confirmed this information on my CAS'.

Student Loan

- **Are any of the funds required for this application in the form of a student loan?**

If you are showing any maintenance funds in the form of a student loan then select **YES**, otherwise select **NO**.

Marshall, Chevening or Commonwealth Scholarships

- **Do you hold a Marshall, Chevening or Commonwealth Scholarship?**

Only select 'YES' if you are receiving a scholarship from one of these organisations.

English language ability

Please check your CAS to confirm how your English language level was assessed.

Your English Language Qualifications

Is SELT Required	No
Reason SELT is not required	Migrant has met required English level in a previous successful visa application

- **Do you have a medical conditions that prevents you taking the English language test?**

In most cases your CAS will state how your English language has been assessed, so you can select 'NO' to this question. If your situation is different to this, [contact ISSAC](#).

- **Have you provided evidence of English language ability in a previous application?**

If your CAS shows the information shown above and has the following statement – “*Migrant has met required English level in a previous successful visa application.*” – you can select **YES** to answer this question.

If your CAS says that your English language has been assessed in another way, select **NO**, and answer the following questions according to your circumstances.

Evidence upload

Please see the information on [our webpage](#) for help on the documents you will be required to upload.

We are aware that the application form may contain errors in the list of documents it asks you to provide. For example, we are aware of cases where the list of documents in this section have not asked for documents such as passports, BRPs and ATAS certificates, when students have actually been required to provide them.

We would advise you to use our webpage on supporting documents to confirm the documents you will need to provide and then ensure you upload all the documents you need to in the “Provide evidence” section of the form, even if this means that you are uploading some documents under a category that states it is for another document. You can upload more than one document under each category that is listed.

Upload your evidence

1. Scan or take a photo of the document – it must be clear and easy to read.
2. Save it on your computer or device.
3. Give the file a simple name. For example, 'bank statement 2021'.
4. Upload the document.

In some cases, we may request this evidence when considering your application.

If you do not provide the evidence when requested, your application may be refused.

Withdrawing Your Application – Please seek advice

There are different reasons why you may wish to withdraw (also known as cancelling) your visa application after submitting it. Sometimes, applicants wish to do this because they notice they have made a mistake on the application. In many cases it is not necessary to cancel an application and cancelling can sometimes create more problems than continuing with the application.

If you are thinking about cancelling your application for any reason, please ensure that you contact ISSAC for advice before doing so.

Remember

You will keep your passport throughout the application process. If you leave the Common Travel Area (the UK, the Republic of Ireland, the Channel Islands and the Isle of Man) and travel on the passport you used in your application before the Home Office makes a decision on your visa application, your application will be withdrawn. Your immigration health surcharge should be refunded, but your application fee will not be refunded. You will usually have to make another immigration application before returning to the UK.

You are therefore advised not to travel until you have received your new visa.
